

# References

<b>Candidate Name:</b>
------------------------

**At Entrust Social Care, it is our company policy to apply for references on all candidates who register with us for work within Social Services, before we put them into post.**

**It is now a requirement that we hold 5 years worth of references on each candidate prior to submission of any safeguarded role and would need for you to inform us of the dates when you started and finished each of your jobs. Without this information we may not be able to submit you for certain posts and you may not be permitted to work should you be successful at interview stage.**

Please indicate in the tick boxes provided if you would prefer for us to check before obtaining any of the references.
